

PACKING ADVICE

CLOTHING

We suggest you pack changes of clothing that are lightweight, quick drying and comfortable to suit the range of activities available to partake in. The following is a suggested list of clothing items to pack:

- T-shirts/blouses – short sleeved
- One fishing shirt
- One long sleeved light shirt (for sun protection on excursions)
- One light jumper/jacket for cooler nights
- Loose and comfortable shorts (we recommend darker colours)
- One pair of lightweight long pants (we recommend darker colours)
- Bathers (two changes)
- Wide brim hat
- Polarised sunglasses

FOOTWEAR

For excursions, we recommend a shoe suitable for outdoor activities that can also get wet. Runners are acceptable as is any comfortable shoe with good grip for negotiating wet and slippery surfaces. It is at your own discretion if you would prefer to bring a pair of shoes for dry excursions and a separate pair for wet excursions. Thongs or similar are also a good idea for any hot surfaces or sharp shell grit on beaches.

TOILETRIES & MEDICATIONS

We supply shampoo, conditioner, moisturiser and body wash on board all cruises. Sunscreen and insect repellent are also available on board; however, you may prefer to bring your own.

We do require you to bring your own private toiletries which may include:

- Personal toiletries / hygiene items (hairdryers provided)
- Prescription medication (including Epi Pen if required)
- Vitamins
- Motion sickness preventative
- Chapstick

ADDITIONAL ITEMS

You may also like to bring:

- Camera, batteries and memory card
- Binoculars – whale/bird watching and viewing rock art in hard to reach places
- Small backpack to take on excursions
- Walking/trekking pole for hikes
